April 20, 2026

Dear Property Owner,

The Town's PFAS Response Plan includes the potential source evaluation of the property at 743 Barrows Rd. Our hope is to affirm a new PFAS free water supply for the Stowe Water System at this location.

We will be holding a public information meeting during the Selectboard meeting on Wednesday April 29, 2026, which starts at 5:30 pm. The meeting will be held at the Akley Memorial Building (Town Hall, 67 Main St) with a virtual option via Zoom. The link to the Zoom meeting is: <https://us02web.zoom.us/j/81897824430> which is also accessible from the Selectboard page of the Town website.

As a property owner proximate to the proposed project, we wanted to ensure that you were aware of this meeting. The presentation will cover the work that has been completed, the near term work, and hopeful future plans of this project.

Thank you for your anticipated cooperation with this effort. If you have any questions or would like to discuss this matter, please call or email, my email address is hshpard@stowevt.gov.

Sincerely,

Town of Stowe
Harry J. Shepard, PE
Public Works Director/Town Engineer
